## Professional Experience

---

**Software Engineer - *The Vaults International Payments LLC, Dubai, UAE*** **Jan 2021 - Present**

- Led the end-to-end development of Emall, a scalable e-commerce platform and Vaultspay payment gateway built with Next.js, Node.js, and React.js, incorporating MongoDB for database management and a fully functional admin panel.
- Integrated multiple payment gateways and shipping partner APIS in Emall, a e-commerce platform, ensuring secure transactions and streamlined order fulfilment.
- Developed and deployed custom Vaultspay payment gateway plugins for WooCommerce and OpenCart, enhancing platform integration and ease of use for merchants.
- Collaborated with cross-functional teams to deliver scalable, high-performance features in an agile environment.

**Sr Web Developer – *Wadhim Solutions, India*** **Aug 2019 – Aug 2020**

- Led development and maintenance of various client websites, ensuring optimal performance and user experience.
- Designed and integrated RESTful APIs for seamless communication between frontend and backend systems. Connected with third-party services like payment gateways.
- Engineered and managed robust server-side applications.

**Sr Web Developer/Team Leader - *Futurework Technologies, IT Park, Chandigarh, India*** **Jan 2017 – Aug 2019**

- Led a development team, managing full project lifecycles—from requirements gathering to deployment and support.
- Built scalable backend systems with Node.js, Express.js, and MongoDB; developed dynamic frontends using Angular, HTML5, CSS3, and JavaScript.
- Designed, developed, and maintained websites using WordPress, Laravel, and OpenCart for diverse industry clients.
- Conducted code reviews, mentored junior developers, and ensured adherence to development best practices and deadlines.

**Web Developer - *Bitssoftwares, Panchkula, Haryana, India*** **Jan 2016 – Dec 2016**

- Designed, developed, and maintained websites using WordPress and OpenCart.

## Education

---

- **Bachelor of Technology (CSE) – *Kurukshetra university, Kurukshetra, India*** **Aug 2011 – July 2015**
- **12<sup>th</sup> – *Chandigarh, India*** **2011**
- **10<sup>th</sup> – *Chandigarh, India*** **2009**

## Projects

---

### Thinglo

*Classified Website and Android App*

Developed an end-to-end full-stack classified ads platform, enabling users to post, browse, and manage listings via both web and mobile. Integrated real-time listing updates, category-based filtering, and location-aware search. User can purchase various ad boosting features while posting ad or a package using easy payment methods.

- **Frontend:** React.js, Next.js, Javascript, HTML, CSS
- **Mobile Application:** React Native

Full-Stack Developer

+91-8950778851 | [gurpreet778851@gmail.com](mailto:gurpreet778851@gmail.com) | Panchkula, HR, India

- **Backend:** Laravel
- **Database:** MySQL
- **URL:** thinglo.com

## Email

### *E-commerce Platform in the UAE*

Led the development of a feature-rich e-commerce platform including user dashboards, order management, cart/wishlist, and secure checkout. Integrated multiple payment gateways and third-party shipping APIs for a seamless shopping experience. Developed end-to-end project by using following technologies.

- **Frontend:** Next.js, React.js, HTML, CSS
- **Backend:** Node.js
- **Database:** MySQL
- **URL:** email.ae

## Vaultspay

### *Payment Gateway Portal for Merchants*

Built a secure merchant portal supporting onboarding, transaction tracking, and API access for payment processing. Designed and developed Vaultspay payment plugins for WooCommerce and OpenCart to expand compatibility.

- **Frontend:** React.js, JavaScript
- **Backend:** Node.js
- **Database:** MongoDB
- **URL:** merchant.vaultspay.com

## AtDoorStep

### *Home Improvement Service Booking Platform*

Created an online platform for booking home services like cleaning, repairs, and installations with time-slot selection and order tracking. Implemented service provider dashboard, dynamic pricing, and automated notifications.

- **Frontend:** Angular, Javascript
- **Backend:** Laravel
- **Database:** MySQL
- **URL:** atdoorstep.ae

## Jantje Van Alles

### *E-commerce Website for Lifestyle Products (Netherlands)*

Customized and maintained an OpenCart store with product filtering, promotional banners, and responsive design. Enhanced site performance, optimized checkout flow, and managed product/inventory uploads.

- **Frontend:** jQuery, HTML, CSS
- **Backend:** OpenCart
- **Database:** MySQL
- **URL:** jantjevanalles.nl
